REVIEW OF OPERATIONS

Overview

- (a) The objectives of the consolidated entity are to explore for and in the event of discovery, develop commercial deposits of mineral resources. To this end, the consolidated entity is currently exploring for gold and base metals, at Telfer in Western Australia, for diamonds at Tsumkwe in Namibia and for base metals at Tsumkwe in Namibia and at Kihabe in Botswana.
- (b) Performance and indicators used by management in carrying out the above objectives include:
 - Assessing and reviewing the likeliness of making a discovery through exploration
 - Assessing the risks and rewards relative to the costs of exploration and the values of the minerals being explored for.
- (c) As the consolidated entity is involved only in exploration at this stage, any significant commercial discovery could have a significant impact on the capitalisation of the consolidated entity. However, inherent in all exploration are risk factors relative to rates of success. Even beyond exploration at the point of resource development, risks prevail relative to fluctuations in commodity prices and political risk.

Operations and Principal Activities

- (a) The main business activity of the consolidated entity during the six months consisted of:
 - Conducting Diamond Core drilling at the Company's Kihabe base metals project in Botswana for the purpose of upgrading the Company's JORC compliant resource.

MOUNT BURGESS MINING N.L.
REPORT OF DIRECTORS FOR THE HALF YEAR TO 31 DECEMBER 2007

Funds applied to the various exploration activities were as follows:

Ongoing resource exploration expenditure for the remainder of the year is anticipated to be in the region of \$2 million.

MOUNT BURGESS MINING N.L.
REPORT OF DIRECTORS FOR THE HALF YEAR TO 31 DECEMBER 2007

Financial Conditions

- (a) Further resource exploration requirements beyond the consolidated entity's current cash resources can only be funded from further capital raisings, securing funding from incoming joint venture partners, or the sale of equity in the projects.

As the Company intends to maintain its current pace of exploration particularly in regard to upgrading the resource at its Kihabe Base Metals project in Botswana, the Company must either raise further capital or introduce joint venture parties.

- (b) At the end of the six month period, the consolidated entity had cash resources of \$246,355. At the date of this report, relying on VAT refunds and placement funding, the consolidated entity has cash resources of \$780,000 and an unused overdraft facility of \$150,000.
- (c) There were no other resources available to the consolidated entity, that are not reflected in the balance sheet, other than the availability to raise further funds through the issue of shares, securing funding from incoming joint venture partners or the sale of equity in projects.
- (d) As the consolidated entity was involved only in resource exploration during the six months there was not any cash generated from operations.

During the six months to 31 December 2007, the consolidated entity completed the following capital raisings:

- On 15 October 2007, the Company placed 15,550,000 shares at \$0.075 per share to raise \$1,166,250

The cost of the above capital raising amounted to \$53,255.

The financial condition of the consolidated entity was not impacted by any legislation or other external requirements during the reporting period. It is not currently foreseen that the financial condition will be materially affected by such issues in future reporting periods.

MOUNT BURGESS MINING N.L.
NOTES TO THE CONDENSED FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED 31 DECEMBER 2007

1 SIGNIFICANT ACCOUNTING POLICIES

Statement of compliance

The half-year financial report is a general purpose financial report prepared in accordance with the *Corporations Act 2001* and AASB 134 *Interim Financial Reporting*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*. The half-year financial report does not include notes of the type normally included in an annual financial report and shall be read in conjunction with the most recent annual financial report.

Basis of preparation

The condensed financial statements have been prepared on the basis of historical cost. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars, unless otherwise noted.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the Company's 2007 annual financial report for the financial year ended 30 June 2007.

GOING CONCERN

The financial statements have been prepared on the basis that the consolidated entity is a going concern, which contemplates the continuity of normal business activity, realisation of assets and the settlement of liabilities in the normal course of business. If the consolidated entity chooses to maintain its current high level of expenditure on specific projects, which is significantly in excess of its required commitment, it will have to raise additional capital. If the consolidated entity does not raise additional capital in the short term it can continue as a going concern by substantially reducing exploration expenditure until funding is available, without jeopardising its commitment base on those specific projects. The consolidated entity has the opportunity to enter into joint venture arrangements to fulfil ongoing exploration expenditure or apply for expenditure exemptions.

The Directors are of the opinion that the basis upon which the financial statements are prepared is appropriate in the circumstances. However, if an event were to arise where the consolidated entity could not raise additional equity capital or reduce its current rate of exploration expenditure by entering into joint ventures in order to remain as a going concern, there is no certainty as to whether the consolidated entity could realise assets at the amounts as shown in the financial statements and extinguish liabilities in the normal course of business.

2. SUBSEQUENT EVENTS

On 1st February 2008, the Company completed a placement of 13,000,000 fully paid ordinary shares to raise \$780,000. The placement was at an issue price of \$0.06 cents per share. The financial effect of the above transaction has not been brought to account at 31 December 2007.

No other matters or circumstances of which the directors are aware, other than those referred to in the condensed financial statements or notes thereto, have arisen since the end of the half-year which significantly affect, or may significantly affect the operations, results or state of affairs of the consolidated entity in subsequent financial periods.

3. CHANGES IN COMPOSITION OF THE CONSOLIDATED ENTITY

There were no changes to the composition of the consolidated entity during the half year.

4 ISSUANCES OF SECURITIES

During the half year reporting period, the consolidated entity issued 15,550,000 ordinary shares to raise \$1,166 250 (2006: 31,792,000 \$2,207,770). See details of placement on page 4 of the Director's report under the heading Financial Conditions.

The consolidated entity issued 1,400,000 share options (2006: 3,000,000) over ordinary shares under its share option plan during the half year reporting period. These share options had an average fair value at grant date of \$0.04 per share option (2006: \$0.02).

The Board of Directors
Mount Burgess Mining N.L.
Level 4, 109 St. Georges Terrace
Perth WA 6000

28 February 2008

Dear Board Members

Mount Burgess Mining N.L.

In accordance with section 307C of the Corporations Act 2001, I am pleased to provide the following declaration of independence to the directors of Mount Burgess Mining N.L.

As lead audit partner for the review of the financial statements of Mount Burgess Mining N.L. for the financial half-year ended 31 December 2007, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- (i) the auditor independence requirements of the Corporations Act 2001 in relation to the review; and
- (ii) any applicable code of professional conduct in relation to the review.

Yours sincerely

DELOITTE TOUCHE TOHMATSU

Independent Auditor's Review Report to the Members of Mount Burgess Mining N.L.

We have reviewed the accompanying half-year financial report of Mount Burgess Mining N.L., which comprises the balance sheet as at 31 December 2007, and the income statement, cash flow statement, statement of recognised income and expense for the half-year ended on that date, selected explanatory notes and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the end of the half-year or from time to time during the half-year as set out on pages 6 to 10.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation and fair presentation of the half-year financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Act 2001*. This responsibility includes establishing and maintaining internal control relevant to the preparation and fair presentation of the half-year financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of an Interim Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2007 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Mount Burgess Mining N.L., ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Deloitte.

Auditor's Independence Declaration

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Mount Burgess Mining N.L. is not in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2007 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.
